The AIRWAVE SERIES

80-3N BREEZE

Perfect for occasional usage.
Compact and efficient

Features:

- * Maintenance free
- * Includes airbrush holder
- * Push button on/off switch
- * Auto shut-off
- * Air flow regulation dial
- * Badger hose to 1/8" adaptor

Specifications:

Motor DC12V
Displacement: .37cfm (10.5L/min)
Working Pressure: 24 psi (1.6 bar)
AMP (110V): 1.6A
Weight: 2.1 lbs. (.952 Kgs)

IMPROVED
DESIGN

80-8N ZEPHYR

IMPROVED
DESIGN

Ideal for pro specialty applications.
Lightweight and quiet

Features:

- * Maintenance free
- * On/off toggle switch
- * Auto shut-off
- * 6 foot cord
- * Air regulation dial and gauge
- * 1/8" to Badger hose adaptor

Specifications:

Motor DC12V
Displacement: .37cfm (10.5L/min)
Working Pressure: 30 psi (2 bar)
AMP (110V): 1.0A
Weight: 4.2 lbs. (.952 Kgs)

Excellent for moderate frequency use.
Portable and powerful

Features:

- * Maintenance free
- * Auto shut-off
- * Hinged handle
- * 6 foot cord
- * on/off toggle switch
- * 1/8" hose connection
- * Includes 1/8" to 1/4" hose adaptor

Specifications:

Horsepower: 1/6HP
Displacement: .81cfm (23 L/min)
Max. Pressure: 57psi (4 bar)
AMP (110V): 1.0A
Weight: 7.93 lbs. (3.6 Kgs)

NEW

180-15 AIRSTORM

(replaces 180-10 / 180-12 / BTC-110)

The **ASPIRE** SERIES

Great for use in all airbrush applications.
Sturdy and reliable

Key Features:

- * Maintenance free
- * Airbrush trigger activated start/stop
- * "Hidden" handle
- * Air regulator, gauge, and moisture trap
- * on/off toggle switch
- * 1/8" hose connection
- * Includes 1/8" to 1/4" hose adaptor

Specifications:

Horsepower: 1/6HP
Displacement: .81cfm (23 L/min)
Max. Pressure: 57psi (4 bar)
AMP (110V): 1.0A
Weight: 7.93 lbs. (3.6 Kgs)

NEW

TC908 ASPIRE

TC909 ASPIRE ELITE

**IMPROVED
DESIGN**

Perfect for new and aspiring pro artists.
Versatile and efficient

Key Features:

- * Maintenance free
- * Airbrush trigger activated start/stop
- * Sturdy metal outer case with handle
- * Two airbrush holders
- * on/off toggle switch
- * Air regulator, gauge, and moisture trap
- * Includes 1/8" to 1/4" hose adaptor

Specifications:

Horsepower: 1/6HP
Displacement: .81cfm (23 L/min)
Max. Pressure: 57psi (4 bar)
AMP (110V): 1.0A
Weight: 11.0 lbs. (5.0 Kgs)

Ideal for high frequency usage.
Durable and "PRO"ficient

Key Features:

- * Maintenance free - no lubrication
- * Durable metal casing with sturdy handle
- * 1 gallon (3 litre) air storage tank
- * On/off toggle switch
- * Auto shut-off
- * Two airbrush holders
- * Air regulator, gauge, and moisture trap

Specifications:

Horsepower: 1/5HP
Displacement: .81cfm (23 L/min)
Max. Pressure: 57psi (4 bar)
AMP (110V): 1.0A
Weight: 18.08 lbs. (8.2 Kgs)

NEW

TC910 ASPIRE PRO

The **SILENT SERIES**

MILLION-AIR 480-1

**Perfect for multi-artists production jobs.
Reliable high performance air power**

Key Features:

- * Operates two airbrushes simultaneously
- * Manual on/off switch - Automatic pressure switch
- * Sturdy metal outer case with handle
- * Thermal overload protection
- * Oil reciprocating piston motor
- * Air regulator, gauge, and moisture trap
- * .45 gallon (1.7 L) storage tank

Specifications:

Horsepower: 1/5HP Sound: < 50 db
Displacement: .70cfm (21 L/min)
Max. Pressure: 116psi (7-8 bar)
AMP (110V): AC 60 hertz
Weight: 37 lbs. (16.82 Kgs)
Dimensions: 17.5"L X 13.5"H X 8.5"W

**Ideal for production studio airbrushing.
Noise-free super efficient air power**

Key Features:

- * Operates two airbrushes simultaneously
- * Manual on/off switch - Automatic pressure switch
- * Sturdy metal outer case with handle
- * Thermal overload protection * Intake air filter
- * Oil reciprocating piston motor
- * Air regulator, gauge, and moisture trap
- * .45 gallon (1.7 L) storage tank

Specifications:

Horsepower: 1/5HP Sound: < 50 db
Displacement: .70cfm (21 L/min)
Max. Pressure: 116psi (7-8 bar)
AMP (110V): AC 60 hertz
Weight: 37 lbs. (16.82 Kgs)
Dimensions: 17.5"L X 13.5"H X 8.5"W

BILLION-AIR 480-2

TRILLION-AIR 480-3

**Best for multi-artists classroom set-ups.
Strong silent multi-airbrush air power**

Key Features:

- * Operates five airbrushes simultaneously
- * Automatic pressure switch - Manual on/off switch
- * Heavy gauge metal casing with sturdy handle
- * Thermal overload protection - Pressure release valve
- * Oil reciprocating piston motor
- * Air regulator, gauge, and moisture trap
- * 1.06 gallon (4.08 L) storage tank

Specifications:

Horsepower: 1/2HP Sound: < 50 db
Displacement: 1.75cfm (21 L/min)
Max. Pressure: 116psi (7-8 bar)
AMP (110V): AC 60 hertz
Weight: 54 lbs. (25.54 Kgs)
Dimensions: 18"L X 18"H X 8.5"W
