

Dear Xtreme Patriot 105 owner,

Congratulations on your purchase of this excellent, feature oriented Xtreme Patriot 105 airbrush. We are confident you will be impressed by the quality and performance of this airbrush, and in a very short time it will become your “go to” airbrush.

We apologize that at the time of this airbrush’s production our final instructions for the airbrush were not yet available. For that reason we have included an instruction for the standard Patriot 105, and this supplemental Xtreme Patriot 105 information/instruction sheet.

On the reverse of this page you will find an image of the Xtreme Patriot 105, with enhanced indications of the feature components of this airbrush. Immediately below is a listing of Xtreme Patriot 105 exclusive additional part numbers and descriptions. To order replacement parts please visit www.BadgerSpareParts.com. When ordering please enter coupon code BADGER9128 at checkout to receive a manufacturer’s referral discount.

Part No.	Part Description

X50-036	Xtreme Complete Assembled Valve Accuracote Finish
20-133	Ergonomic Finger/Thumb Rest
50-019HR	High Roller Trigger - fits all Badger/Thayer & Chandler Airbrushes

The one feature item of the Xtreme Patriot 105 airbrush requiring special usage instruction is the PAC Dial...

NOTE: The PAC Dial does not regulate air pressure. Air pressure is regulated at the air source by adjusting its air regulator.

The PAC Dial adjusts air flow. It allows the user to reduce and increase air flow for the purpose of creating various spray pattern effects. By closing down (turning in) the PAC Dial the air flow is decreased, which reduces air volume to the nozzle and reduces the airbrush’s atomization “tightness”. This reduction adjustment is desirable for “spread out” spray pattern and spatter effects. By opening the PAC Dial air flow is increased, maximizing air flow to the nozzle to create a “crisper” atomization. This increased maximum air flow setting is desirable for fine line and detail work.

We hope you enjoy using the Xtreme Patriot 105 airbrush, and wish you happy airbrushing.
